Subject: Request for files
Date: 04/15/2010 03:51 PM

Jim

Sending a quick message on the way back from Seattle. As I mentioned during our call the other day, as part of our continuing review of the benthic toxicity evaluation, EPA requests that the LWG provide all data files related to the FPM. This includes chemistry, input data, ANOVA, and biohitnohit files for each endpoint.

We appreciate your assistance with this request. Please let us know if you have any questions.

Chip Humphrey
EPA
